- Maintenance
- Safe Working Wind Conditions
- Rescue Requirements (incl. practical)

Why deal with us?

SafeTSolutions has been involved in the safety industry for many years. Our trainers have extensive training and height safety experience. Training courses can be customised to your company specific needs.

Our prime business focus since the early 1990's has always been to provide Confined Space Entry and Height Safety training backed by associated services and Confined Space/Height safety equipment.

We pride ourselves on being a Confined Space Entry/Height Safety training provider facilitating Nationally Recognised courses as our prime business activity rather than providing training as a sideline business.
